STATEMENT OF [REDACTED] TAKEN AT PB [REDACTED] DATED 2 JUNE 2006

9. STATEMENT (Continued)

This is very difficult to defend against without completely limiting access to that road.

Q: In your time working alongside B/3-187 would you say they use heavy handed tactics or have you ever seen them circumvent the ROE?

A: I have never seen any members of B/3-187 circumvent the ROE. The tactics that the soldiers I have worked with employed are not excessively forceful.

Q: Do you have anything else to add?

A: I have nothing further to add.

9. I, [REDACTED], WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

THAT DURING THE INCIDENT IN QUESTION, THE SHOOTING OF A VEHICLE WITH OCCUPANTS AT THE INTERSECTION OF [REDACTED] ST AND [REDACTED] BY COALITION FORCES FROM OBSERVATION POST [REDACTED]. I WAS AT PATROL BASE [REDACTED] IN A MEETING WITH THE NATIONAL POLICE ON COR [REDACTED] I WAS INFORMED OF THE INCIDENT BY [REDACTED] ONCE COMPLETE WITH THE MEETING. PREVIOUS TO THE INCIDENT, FOR SOME DATE/TIME, I RECALL A TRANSMISSION ON THE ICOM RADIO FROM MEYERS MANSION TO ALARM US THAT THE IRAQI POLICE WERE EMPLOYING A SIGN, UNKOWN LOCATION, NEAR THE INTERSECTION OF [REDACTED] TO WARN PASSENGERS BY THE DANGER AT THE INTERSECTION. THE LAST TIME I PERSONALLY TRAVELED THE ROUTE WAS THE SATURDAY PRIOR TO THE INCIDENT, 27 MAY 2006, TO ATTEND AN ICF MEETING AT [REDACTED] I DO NOT RECALL SEEING ANY SIGNS AT THE INTERSECTION WHEN TRAVELING THE ROUTE LAST SATURDAY. AFTER THE INCIDENT, I RECOMMENDED USING SOME SHEETS OF PLYWOOD TO MAKE SIGNS IDENTIFYING THE DANGER AREA. I EMPLOYED THE HELP OF [REDACTED] OUR INTERPRETER TO SPRAY PAINT A WARNING IN ARABIC ON THE SHEETS OF PLYWOOD. THE NATIONAL POLICE ASSISTED THE COALITION PLATOON IN REPLACING THE SIGNS AFTER THE INCIDENT.

Q: So you personally employed a sign at the intersection previous to the incident?

A: NO

Q: Who employed the sign that your interpreter put up and when?

A: THE COALITION PLATOON, 210/3187 IN, AND THE NATIONAL POLICE FROM 3480E, 348N. I HAVE NOT SEEN THE EXACT LOCATIONS OF THE SIGNS.

Q: Why is [REDACTED] so important to the OPs and PBs in Samarra?

A: TO ALLOW THE COALITION FREEDOM OF MOVEMENT ALONG THE ONLY SEMI-SECURE ROAD IN SAMARRA FOR CASEVAC AND LOGISTIC RESUPPLY. ALONG THE ROUTE, USF AND COALITION HAVE EXPERIENCED MANY ATTACKS INCLUDING IEDs, GRENADES, AND SMALL ARMS FIRE STILL MAKING IT DIFFICULT TO TRAVERSE THE ROUTE.

At the time of the incident I and the rest of the team were on the way into PB [redacted] We had been down in Baghdad taking care of TTF funds. We left for Baghdad at 1015hrs on 27 May 06 from PB [redacted] Around 1500hrs on 30 May 06 our team pulled into PB [redacted] to drop off two SPTT team members from 1-3 SPTT who had went to Baghdad with us. I heard most of the radio traffic traffic that came after the incident occurred while we were on PB Olson refueling. I did not know what happened completely until we returned back to PB [redacted]

Our team has been located in Samarra since 26 Mar 06, since that time I can not say if there were or if there were not signs located located on [redacted] I can not remember. We do not usually travel on [redacted] (East and West) through that intersection. For the most part if we are traveling North on [redacted] we are on our way out of the city of Samarra or heading over to the Green Zone. When traveling from objective to objective we try to stay off the MSR's as much as possible.

STATEMENT OF [REDACTED]

TAKEN AT PB [REDACTED]

DATED 2 June 06

9. STATEMENT (Continued)

A: December 2005

Q: Do you remember signs posted around the intersection to the North of [REDACTED] limiting [REDACTED] Road to Coalition Forces only?

A: Yes, I remember a sign on [REDACTED] before the incident on 30 May 06.

Q: Where was the sign? A: I remember the MOI putting out a sign before the incident.

EX2  
Q: Who ordered or authorized you to use deadly force against vehicles attempting to use [REDACTED] road? A: It was put out by my chain of command.

EX6  
Q: Why were you supposed to keep cars from traveling on [REDACTED] road, what danger did they pose you or Coalition Forces? A: I thought the car could have been a threat to [REDACTED] OP or could have been trying to emplace an IED. Before the area was closed down completely to all traffic a week before the incident, there was three IED's emplaced in one week. We have had intel of cars dropping IEDs out of the car windows and dropping IEDs through holes cut in the floors of cars.

Q: Are VBIEDS a threat in this area? A: Yes, they have attacked the MOI since I have been in Samarra. I have had bolo lists put out to me on VBIED's. Before I got to PB Ummi there was a completed VBIED attack on the Patrol base.

Q: Could you tell how many people were in the car?

A: No, it all happened too fast.

Q: Describe what the car did after your first shot and each successive shot.

B. STATEMENT (Continued)

A: I fired one disabling shot into the rear of the car trying to get the to stop and turn around. The car speeded up and jumped the barrier of rocks that the IEs put down. I fired another disabling shot trying to get the car to stop and turn around. The car kept traveling north on [REDACTED] road at a faster speed. I fired two well aimed shots into the back window of the car and the car speeded up and followed [REDACTED] north to the road that leads to the hospital.

EX2

EX2

Q: Do you worry for your safety when pulling guard at [REDACTED] OP? A: Yes, there have been multiple small arms and RPG attacks on [REDACTED] OP. There has also been grenade attacks on the OP.

Q: Where were you within the OP and with what weapon did you engage the car?

A: I was at the North east bunker on the top floor of the OP. I fired four shots with a M16 rifle.

EX2

Q: Why is the security of [REDACTED] worth using deadly force, and why did your CO close the road? A: [REDACTED] is the only secure route in and out of the city. Coalition forces travel the road all day long. It is used for a safe supply and medicine route in and out of the city. If Coalition forces weren't present there, AIF would target convoys all the time, primarily with IED attacks. [REDACTED] nothing follows

The 2x WIA transported to the Samarra Hospital were released after they were treated. The 2x CCP sons were treated and released from [REDACTED] EOD and WIT reported the VBIED consisted of a white Hilux compact pick-up truck laden with 3x 155mm rounds and RC triggered by a Senzo 268 base station. The CDO patrol was directly outside the CDO Headquarters. The VBIED detonated effectively against the patrol resulting in 4x CDO WIA. The WIA were ground evacuated to Patrol Base (PB) [REDACTED] Level II Medical Treatment Facility. The casualties were categorized as 3x Lifer Urgent patients and 1x Priority Ambulatory patient. All 4x CDO WIA were Aero-MEDEVACed to LSAA for further treatment. UPD/ATE: A-1-101 Combat Aviation Battalion (CAB) Aerial Weapons Team (AWT) was the first element to report the explosion and description of the VBIED. The "No Mercy" AWT Positively Identified (PID) a blue vehicle speeding away from the target area. The AWT maintained contact with the vehicle and 3x occupants who disembarked the vehicle and subsequently entered a structure vicinity [REDACTED]. The Samarra Joint Coordination Cell (JCC) deployed an Iraqi Police (IP) patrol along with a 970MPCO Police Transition Team (PTT) to conduct a Cordon and Search of the structure as the AWT isolated this secondary objective. UPD/ATE: The IPs and the PTT Exspray tested 3x Military Aged Males (MAMs) at the structure; all three tested positive for Type A nitrates. The 3x MAMs have been transported to [REDACTED] Detention Cell for radical questioning. The detainees are: 1) Hatem Shehag Ahmed; 2) Nazar Mari Hassan; 3) Mohammed Hakeel Shagan. I, [redacted], WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

Q: What is your current job and how long have you been in Samarra?
A: I am the Platoon Leader for 2/3/3-187 IN at Patrol Base Uvanni and I have been in Samarra for almost 6 months.
Q: Who directed that [redacted] be secured with deadly force authorized and when?
A: 3/69. Armor closed [redacted] so they had a LOC for Patrol Base [redacted] in early 2005.
Q: How many times have you driven by or to OP [redacted]?
A: Between 150-200 times.
Q: Have you ever seen Local Iraqis on [redacted]?
A: Yes, they would turn north from [redacted] the turn around and move back onto [redacted] Ex 2
Q: What caused them to turn around?
A: In the three to four times that it happened in the past, firing a disabling shot into the back of the vehicle would cause them to turn around.
Q: Why fire a warning or disabling shot? Why not just let them go?
A: There is another Observation Post about 200 meters north of the engagement area that is susceptible to UBIEDs that needs to be protected. Plus because my Platoon is isolated from the rest of Bravo Company at Patrol Base [redacted] a secure route is necessary to CF in order to react to any complex attacks on [redacted] offers a ORF from [redacted] of movement Ex 2

From the bridge east of the city all the way to Ex 2. It is also the route used by logistical convoys to resupply life support here at Ex 2. Finally, the IED threat here in Samarra is high, and the secure route in the center of the city allows us freedom of maneuver while limiting AIF freedom of maneuver.

Q: When were the signs present in Exhibits 3 and 4 installed and why?

A: After the incident we had the interpreter make the wooden signs, and my Platoon posted three more signs (metal) in addition to what was already there. The signs to the east and west of the traffic circle had been there for months, warning of both the OP on the SW corner and that Ex 2 was for CF only. When we were told that it was civilians that were killed we plussed up the wire, barriers, and signs to prevent a similar incident in the future.

Q: Why did the story board have pictures of the new signs - the ones posted after the incident?

A: My instructions to my squad leader were to take pictures of the signs, however I wasn't specific enough and he only took pictures of the signs that they were emplacing at the time, not what was already there prior to the incident.

Q: I understand that as recently as a month prior the left side of the Ex 2 called Ex 2 had been open to allow civilian traffic another access to the hospital, why did you close that route?

A: The enemy here in Samarra had developed the TTP of cutting holes in the floor board of their vehicles in order to emplace IEDs on the Coalition side of Ex 2 as they crossed onto the civilian side to go to the hospital. We closed the one block of civilian traffic allowed on Ex 2 after multiple IEDs had detonated within 15 meters of the north side of the traffic circle where the civilian traffic would pass over the coalition side.

Q: When you closed that section, what efforts did you undertake, if any, to ensure civilian traffic would not use that route?

A: In addition to more jersey barriers, concertina wire, 55 gallon drums, and some large rocks we asked the IP and Commandos to let

the local populace know that RTE [REDACTED] was closed because IEDs were being emplaced on the [REDACTED] via a Mosque message and word of mouth. When it was reopened civilian traffic was no longer allowed any access to [REDACTED], as we had emplaced more signs and asked the IP and Commandos to spread that to the LNI as well.

EX 2

Q: How many OPs, besides [REDACTED] <sup>Ex 6</sup> are you responsible for and what is your daily Force Protection requirement for each, including PB [REDACTED]?

A: [REDACTED] OP located at the SW corner of RTE [REDACTED] and [REDACTED] is a [REDACTED] man OP responsible for overwatching <sup>Ex 6</sup> [REDACTED] meter section of [REDACTED] between [REDACTED] (250 meters N of [REDACTED]). This also includes portions of [REDACTED] due to RPG, SAR, and Grenade attacks carried out against the OP 17 times since December of 2005. At [REDACTED] we have interlocking sectors of fire with [REDACTED] <sup>Ex 6</sup> to over watch from their location to about 75 meters south of [REDACTED]. There are 5 roof top positions that provide 360° security for <sup>Ex 6</sup> the Patrol Base (to include overwatching [REDACTED]), [REDACTED] ECP, an RTO and an SOG.

EX 2

EX 2

Q: Who put out the old signs and what purpose did they serve?

A: There were a number of signs that were there when we took over from 3/09 Armor, and we put out a couple of signs when we closed [REDACTED] and the IP put up two signs. The signs let the LNI know not to enter the [REDACTED] and that the OP was there and to stay back, that deadly force would be authorized for violations of either directives.

EX 2

Q: When I arrived on site, there were only the new signs, placed by the entrance to Coalition road just North of the traffic circle, what happened to the old signs?

A: Up to the date of the incident there were a number of signs to the east and west of the traffic circle on [REDACTED]. On the day of the incident, there were between 20 and 30 IP vehicles that were on site near the old signs, and taking photos of the new signs.

9. STATEMENT (Continued)

**Q: Why were the IP on scene?**

A: To the best of my knowledge to take pictures of the new signs, as they have never responded in that way before, whether it was a U.S. EOF, or when the ~~Commandos~~ Commandos have had one.

**Q: Why were they taking pictures of the new signs?**

A: For a news article that was on the internet the next day.

**Q: Did the article portray the incident as an accident, EOF, or Pro-coalition?**

A: The article was anti-coalition as they portrayed Americans as murderers, that we intentionally kill innocent civilians on a daily basis. The article quoted one ~~IP~~ as saying "May God take vengeance on the Americans and those who brought them here."

**Q: So you are saying the IPs potentially moved the old signs, or used the incident to discredit Coalition Forces?**

A: Yes, the IP are involved in a number of attacks against my Platoon. The #3 HUT Bekr Nuri is a former IP who worked at Samarra Hospital and threw grenades at myself and soldiers from B Co on two different occasions. Also there was an IED attack on ~~IP~~ that is believed to have been carried out by IP. Informants have given numerous reports of the IP's involvement in these attacks and corruption within the IP leadership who are taking money to release AIF from the Samarra jail.

**Q: How often does your platoon make contact with AIF and what is the typical response?**

A: The static positions (Patrol Bases, ~~OP's~~) take indirect fire, RPGs, or SAF at least two to three times a week. When we are out on patrols we take SAF and RPGs if we are static for more than 10-15 minutes. The AIF utilize IEDs emplaced from the floor boards that have had holes cut in them. I have personally been shot at, or had grenades

thrown at me on eight different occasions since January of this year. When we can we have returned fire or captured our attacker, but most often because we are unable to identify who it was we break contact and continue our mission.

Q: Do you think you have an EOF ROE problem within your platoon?

A: No. In all the attacks on CFs in the city and out lying areas we have only fired our weapons systems <sup>in response</sup> about 15% of these attacks, resulting in AIF either killed or captured with minimal to no damage to civilians or civilian property.

Q: Do you have anything else to add?

A: As long as my Platoon is at PB [REDACTED] which is still open because the MNFI Commander has mandated that it remain open, there must be a secure route between [REDACTED] Without that route the BS coalition soldiers who occupy [REDACTED] could be easily cut off from reinforcement and attacked. The PB is in the very center of a city of over 80,000 people and is occupied by less than half a rifle company.
