STATEMENT (Continued)

Is there anything else in reference to the signs or the incident that you would like to add for clarification?

That particular intersection was closed for roughly 2 weeks prior to the incident, for some reason everybody else had enough common sense not to drive thru. 99.9% of the people that live in and around [redacted] have enough common sense to stop after the first disabling shot. I have personally seen cars stop for less than what we usually have for closed roads. These people obey simple cans and rocks that block the roads in and around [redacted]. If all the wire and cement barriers aren't working maybe we need to put big rocks and cans to stop traffic.

[redacted] has been hit almost 20 times by vertas twiss they include Rockets, Grenades, RPG, small arms, IED's. This OP. is in a very dangerous part of the city its the only OP. that has local traffic going past it. Lastidly the coalition has been there well before our unit has been year. so the excuse of not knowing is totally impossible. Nothing else follows

Did the ISF, reuse, move or remove any warning signs in the intersection? If so where was the sign before they reused, moved, or removed it?

The IP did not move any of the warning signs at this intersection while I was with them that night.

Is there anything else in reference to the signs or the incident that you would like to add for clarification?

In the past month there have been multiple IED attacks in the vicinity of EX 2. I was personally involved in an attack when an IED exploded next to my truck while we were crossing the traffic circle. After which, the road was closed for approximately two weeks leading up to the incident. A line of rocks were also placed at the entry point of the road to keep cars from traveling on it. The rocks were placed after the IED attack but before the incident on 30 May 06. Jersey Barriers and concertina wire were also place in the road in order to keep traffic out.

I, [redacted] EX 6, WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

[redacted] reference to the signs vicinity [redacted] EX 2, how many times have you been involved in placing new signs? When? Where did you place the signs in relation to the traffic circle?

A: There were signs in front of [redacted] EX 2 when we cipped with [redacted] EX 2, 3/69 December. We added a sign on the East side of the traffic circle [redacted] EX 2 warning them not to use the [redacted] EX 2. There were signs both East & west of the traffic circle emplaced by [redacted] EX 2 plus signs telling them that [redacted] EX 2 is there. I told my soldiers to put out more signs after the incident in question. [redacted] EX 6

EX 6

Question: Have you ever seen any ISF forces add, move or remove signs? Specify added, moved or removed and when.

A: A day or so before the shooting, [redacted] EX 2 reported that the IP were emplacing signs to the east and west of the traffic circle. Then a few days later the signs were gone and the only CP's near the IP who had been taking pictures of the new signs and shooting at a teenage boy riding a bicycle. [redacted] EX 6

EX 6

Question: Where you at [redacted] EX 2 on 30 May 06 after the incident? If so who moved the old signs that were present, if they were present?

A: No I was not present. [redacted] EX 6

EX 6

Question: Where you at [redacted] EX 2 on 30 May 06 and if so where you involved in placing the new signs? If you did help or observe the efforts, what happened to the old signs?

EMENT (Continued)

Is there anything else in reference to the signs or the incident that you would like to add for clarification?

A: The LNs here in [redacted] EX 2 will not drive down a street that is blocked off by Pepsi or grease cans, small rocks or other trash when employed by other LNs to warn them of the presence of IEDs meant for CF. However, they will attempt to drive on a road that they know they are not allowed to, by passing jersey barriers, concerting wire, 55 gallon drums, and other barrier material. [redacted] EX 2 has been attacked 17 times since 01 January 06, and there have been 5 IED attacks near the traffic circle of [redacted] EX 2 and [redacted] EX 2, that AIF were able to employ utilizing a hole cut out of the floor board of their vehicle, or thrown over a wall that was recently knocked down by engineers.

- Also, the shooting occurred on 31 May 06 and there were similar incidents on the 27th and two on the 28th of May, resulting in no KIA or WIA, which simply caused the LNs to turn around and move back onto [redacted] EX 2

- On 04 JUN 06 [redacted] EX 2 observed an Iraqi man throw a yellow gas can at one of the signs warning them not to drive on the Coalition Lane. [redacted] EX 6
