MEMORANDUM FOR COMMANDER 256th BRIGADE COMBAT TEAM

SUBJECT: AR 15-6, BCT No.: 05-96 (Shooting of Local National at Entry Control Point, Forward Operating Base Saint Joseph, Yusafiyah, Iraq)

1. Enclosed is the 15-6 investigation outlining the circumstances that resulted in the shooting of a local national vehicle. As a result of the incident three Iraqi citizens were killed and five Iraqi citizens were wounded. The shooting occurred in the vicinity of the entry control point of the Forward Operating Base Saint Joseph (Yusufiyah, Iraq MB30556045) on 15 March 2005.

2. SUMMARY:

On 151823MAR05 PFC [REDACTED] and SPC [REDACTED] identified a green vehicle moving at a high rate of speed towards Forward Operating Base (FOB) Saint Joseph's entry control point from Tower 2. The vehicle showed no caution in approach and proceeded past both the Arabic and English warning signs that the use of deadly force was authorized. PFC [REDACTED] first observed the vehicle approaching the entry control point when the vehicle was approximately 300 meters from his position in Tower 2. Noticing that the vehicle maintained a high rate of speed, PFC [REDACTED] alerted his team leader, SPC [REDACTED] to come over to Tower 2. SPC [REDACTED] made his way over to Tower 2 and observed the vehicle approaching the entry control point. The vehicle had already passed the warning fires trigger line. SPC [REDACTED] proceeded to fire two warning shots in front of the vehicle. The vehicle failed to stop and was approaching the disabling trigger fires line. When the vehicle passed the disabling fires line SPC [REDACTED] proceeded to fire a disabling shot into the hood of the vehicle and instructed PFC [REDACTED] fire a burst of M240B into the hood of the vehicle. The vehicle still maintained a high rate of speed as it continued along the entry control point. At this point SPC [REDACTED] PFC [REDACTED] company commander, company executive officer, platoon sergeant and approximately five other soldiers that had made their way to Tower 2 after hearing the warning shots, initiated lethal fires on the vehicle as it had passed the lethal fires control line. The vehicle came to a stop approximately 50 meters after passing through the lethal fires line (100 meters from Tower 2), at which time the cease-fire was initiated. The vehicle was then observed by both the naked eye and optics to ensure that it was not a possible VBIED. The initial assessment by the chain of command was that the vehicle was a possible VBIED and EOD was alerted. (The vehicle entered the clearly marked entry control point at a high rate of speed and the chassis was sitting unusually low to the ground). After a few moments of observation, soldiers noticed movement and were able to determine that there were children inside the vehicle. The company commander ordered his quick reaction force (QRF) to secure the immediate site around the vehicle and began to

 - b. Emplacement of Jersey barriers. Emplace Jersey barriers throughout the entry control point requiring both in-bound and out-bound FOB traffic to negotiate a series of right hand and chicane turns. Requiring the vehicles negotiating the series of turns to slow their speed when inside the entry control point.

At approximately 1850 I was eating supper with my officers when I heard a shot fired from the roof of the CP building. There was a gap of a couple seconds when I heard a second shot. I ran to my room to get my gear when I heard a burst of automatic weapons fire. I ran upstairs all the while hearing more firing. When I got to the roof top (tower 2) I saw the green section that was 50m or more past the serpentren (HMSCO) I fired five rounds into the driver's side window. There was about 9 personnel on the roof when I called cease fire. Each man echoed "cease fire". accordance with the company SOP. Control of fires was managed by S [redacted] and SF [redacted]. Fires were orientated on the driver's side window. After "cease fire" the SCS began consolidation of the guard force. We dispatched a squad plus to secure casualties after examining the car with optics and confirming it was not a threat.

I, [redacted], WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

While eating dinner at approximately 1830 on 15 MAR 05, I heard warning shots (2 of them) coming from the roof of my FOB. I immediately grabbed my rifle and headed to the roof. As I was going up the stairs I heard another 2 shots and I assumed the guards were aiming to disable the vehicle. Upon reaching the roof I noticed the guards had begun to fire on what I assumed to be a vehicle. As I reached their (guards) position I saw the vehicle the guards were firing at and I began to engage the driver with my rifle. After the vehicle stopped I called for a cease-fire. After everyone stopped firing a squad of 4 -> can't

9. [REDACTED] WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:
I was originally in the company Tactical operation center
I heard someone call out that a vehicle was trying to get
through the checkpoint in front of our FOB. I immediately
grabbed my gear and ran to the second story balcony
facing the checkpoint, this was around 18:30 and was
pretty dark out already. As I was running up the stairs
to the balcony I heard the first rounds from the 240B.
I got into a good overwatch position as the 240B gunner on
the roof opened up on the car. The car was still in motion and
I began to fire, aiming
for the drivers side window. I fired roughly 7-8 rounds
and quit firing when I heard cease fire. Immediately
following cease fire I went down to the scene. The medics
had already arrived and I assisted the medics in pulling
the wounded out of the car and in any other way I
could help. I was at the scene for approximately 15
minutes when I ascertained that my help was no
longer needed. OR

 That while on guard at the front gate to ~~our~~ Camp St Joseph, at approximately 1845. PFC [REDACTED] started to tell me about a approaching vehicle, as I heard the first warning shot. As I moved to the east facing location to observe the car the second warning shot was fired. As I reached the firing position the 240B position atop the building started to fire on the vehicle. I saw the vehicle was not stopping so I started to lay suppressive fire as well. As I was re-loading my rifle I noticed all firing had stopped. I then maintained security on the vehicle until personnel closed in on the objective. At that time I changed my efforts to the western facing ~~the~~ window at the bunker, and maintained security in that direction. During that time I checked on PFC [REDACTED] and myself for any injuries. I found none and called in our status at the ~~main~~ gate. *Nothing follows*
