MEMORANDUM FOR COMMANDER 1-75

27 May 2006

SUBJECT: Findings and Recommendations for Investigation #06-163

1. Summary of Events:

- a. At 171925MAY06, Alpha section 1/A/1-75 observed a cargo truck approximately 200 meters from their mounted observation point in the south bound lane of [REDACTED] at Grid [REDACTED] in vicinity of CP 21A. The approaching vehicle showed no indication of changing lanes or slowing down as it approached the OP at a high rate of speed. SGT [REDACTED] in the position of gunner for the closest vehicle displayed proper EOF procedures by utilizing sirens, lights, and hand/arm signals in an attempt to stop the vehicle. 5USC552(B)(6)
- b. At 171925MAY06, SGT [REDACTED] fired 2x rounds of 5.56mm into the median of [REDACTED] as warning shots. The truck passed through the traffic cones established by 1/A/1-75 approximately 100 meters from their TCP and proceeded toward their position, displaying no signs of slowing. SGT [REDACTED] then fired 2x rounds 5.56mm into the engine block in an attempt to disable the vehicle. 5USC552(B)(6)
- c. At 171926MAY06, SGT [REDACTED] utilized deadly force and fired 2x rounds 5.56mm into the windshield. The driver was struck in the chest with 1x round. The truck came to a halt, the driver exited and fell to his knees on the MSR. He attempted to stand and then collapsed.
- d. At 171927MAY06, SGT [REDACTED] and PFC [REDACTED] exited their vehicle to approach the LN and administer immediate first aid and resuscitation techniques. At 171931MAY06, SSG [REDACTED] arrives on the scene and pronounced the LN dead.
- e. At 171935MAY06, SSG [REDACTED] searched the vehicle and found 2 cases of beer, 1 case of gin, and 2 empty gin bottles in the cab of the truck next to the drivers' seat.

2. Findings:

- a. The key elements to this are the alcohol possessed by the local national and the empty bottles signifying that the local national was intoxicated at the time of the incident. After three years of presence in Iraq, it is unlikely that the local national was completely unaware of the proper movement of a civilian vehicle upon approaching a military check point. In an intoxicated state, the local national was unable to comprehend the extensive danger of driving through a TCP without following proper procedure.
- b. Rules of Engagement: SGT [REDACTED] followed the rules of engagement properly. The patrols use of traffic cones established a solid line that the local nationals understand as a boundary for traffic control. SGT [REDACTED] responded properly to the vehicle not slowing down

ALL ITEMS ARE
 REDACTED UNDER

by using hand/arm signals, and a siren to stop the vehicle. After the vehicle showed no signs of stopping before the cones, SGT [REDACTED] turned towards his weapon for warning shots into the median, fired shots to disable the vehicle, and then used his M4 for deadly force to eliminate the threat to him and the rest of the Soldiers at the mounted observation post. After engaging the vehicle, SGT [REDACTED] and PFC [REDACTED] quick reaction to perform first aid shows that the section performed every action possible to help the local national.

3. Recommendations:

a. After reviewing the facts of this case, I recommend that no further action be taken against any of the soldiers involved in the incident. SGT [REDACTED] followed orders to perform the proper steps of an EOF according to the ROE in theatre. SGT [REDACTED] and PFC [REDACTED] properly administered first aid on the local national and SSG [REDACTED] properly searched the vehicle for other threats after pronouncing the LN dead.

b. The leadership of 1st Platoon should continue to review platoon SOP, ensuring that ROE and EOF standards are reviewed before every mission. Briefing of the SOP should ensure that all members of the platoon are as prepared as SGT [REDACTED] to react to an escalation of force incident.

9. I, [REDACTED], WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

On 17 MAY at approximately 1930 Alpha section of 1st Platoon was set in a monted OP vicinity [REDACTED] (CP 21A). Our road cones were set 150 meters from the trucks. My gunner noticed a semi truck approaching our cones. At that time he performed hand and arm signals waving for the driver to stop. I also used the siren on our vehicle to try and get the driver's attention. The driver was unresponsive and continued toward our section at a moderate rate of speed. As he passed through the cones SGT [REDACTED] simultaneously fired 2 warning shots to the right of the vehicle in the median. The semi truck still continued toward our section. SGT [REDACTED] then fired 2 rounds into the engine block to disable the truck. This caused the truck to stop. The driver fell out of the cab and stumbled to the ground. I moved my truck up to the LN and assessed his condition. Upon seeing his wounds PFC [REDACTED] and myself began to administer first aid. The LN was suffering from a sucking chest wound and died three minutes later. SSG [REDACTED] confirmed this one minute later. My dismount team performed a search of the LN's truck and found two different forms of ID with two different names on them. We also found 2 cases of beer, one case of gin and two empty bottles of gin in the front driver seat.

50X557691

- Q: How fast was the vehicle approaching the convoy after passing through the cones?
A: The vehicle was moving at about 35MPH and showing no signs of slowing down inspite of the initial escalation of force.
- Q: After the LN exited the vehicle severely wounded was any alcohol initially smelled on him?
A: There was not an aroma of alcohol until the cab of the vehicle was inspected.
- Q: What was the total time from the inial escalation of force to the final shots being fired?
A: The time period was around 45 seconds.

I, SGT [REDACTED], WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH.

At approximately 1725 ^{1700/06} a cargo truck traveling south in the south bound lane of [REDACTED] VZC LP21A drove past A11 trigger line (Traffic cones) that were placed 150 meters from the truck. Before the cargo truck past the trigger line I used hand and arm signals to get the vehicle to stop and change lanes. Also the truck commander used the audio siren to stop the truck. When the truck drove past the traffic cones in the middle of the road further escalation of force was utilized. I fired 2, 5.56 round into the median of the north and south bound lanes. The truck continued to move further forward and then I shot 2, 5.56 rounds into the vehicle in an attempt to disable it. 1, 5.56 round struck the driver and brought the vehicle to a halt. The driver got out of the vehicle and fell to the ground. He then got back up for approximately 5 sec and fell to the ground again. Upon realizing the driver was wounded A-11 vehicle moved forward and the driver and TC got out and ran to administer first aid to the casualty. I notified the A-12 vehicle of the situation and they moved up to assist. Approximately 3 minutes later SSG [REDACTED] arrived at the side of the casualty and pronounced he was dead. SSG [REDACTED], SGT [REDACTED] and PFC [REDACTED] then searched the vehicle.

Summary of incident:

On 17 MAY 06, 1/A1-75 carried out an Escalation of Force (EOF) resulting in death of one Local National. At 1945, the unit observed a cargo truck approaching their position in the southbound lane of [REDACTED] at Grid [REDACTED]. The driver showed no indication of changing lanes or slowing down. The unit displayed proper EOF procedures utilizing sirens, lights and hand/arm gestures signaling the driver to stop. When all signaling attempts failed, two rounds 5.56mm were fired by the gunner of the lead vehicle, SGT [REDACTED] into the median of the MSR as warning shots. The truck passed through the traffic cones established by 1/A1-75 approximately 100 meters from their TCP and proceeded toward their position, displaying no signs of slowing. SGT [REDACTED] fired two rounds 5.56mm into the engine block attempting to disable the vehicle. The truck continued forward, so SGT [REDACTED] utilized deadly force and fired two rounds 5.56mm into the windshield. The driver was struck in the chest with one round and stopped the vehicle. After the truck came to a halt, the driver exited and fell to his knees on the

MSR. He attempted to stand and then collapsed. Immediate first aid was administered to the Local National followed by resuscitation techniques to no avail. He was pronounced dead at 1951.

Upon further investigation of the vehicle, multiple cases of alcoholic beverages were discovered in addition to several open bottles in and around the driver's seat. 1/A/1-75 determined that the Local National driver was intoxicated at the time of the incident. The lack of reaction during the EOF is attributed to his impairment. The body and vehicle were transported to CP 22A and transferred to 2nd Co, 3/4/6 IA for over watch until the morning of 18 MAY 06 due to the fact that the Iraqi Police will not respond during hours of darkness.
