---

Please find attached our clearance rate for foreclosure cases in April which unfortunately was only 89.75. We are in the process of deciding how to best use Senior Judge time beginning July 1 with our new state fiscal year. It appears that we will have about the same number of days for next year as we had for this year. I understand that all of the civil judges are meeting next week to discuss how you want to "tackle" this mortgage foreclosure crisis. We have approximately 30,000 pending foreclosure cases and the backlog increases monthly when we do not clear at least 100% of the new filings for each month. You may have heard that Lee County will not be receiving a judge for one additional week beginning in July for civil due to the situation in Charlotte County which places them down one circuit judge. Judge Cary has agreed to assist with mortgage foreclosure cases in Lee County. I look forward to hearing about your ideas and plan for handling mortgage foreclosure cases.

John

Subject: Economic Default Recovery Effort

Auto forwarded by a Rule

TCA's –

As discussed at the December meeting, the TCBC is requesting non-recurring funding authority from the Legislature for an Economic Default Recovery Effort, which will be filed as a supplemental FY 2010/11 LBR issue. These funds will be used to provide temporary resources in the trial courts to eliminate backlog in several civil areas, including cases involving mortgage foreclosures, real property, contracts and indebtedness, and county civil valued from \$5,001 to \$15,000.

The funding methodology developed for this Effort is based on the number of backlogged cases (in the aforementioned civil areas) in each circuit. A ratio of one General Magistrate, one Case Manager and two Administrative Support positions for every 15,000 backlogged cases was applied to estimate need. One Administrative Support position is dedicated to mediation for the coordination of civil cases covered under this Effort with the exclusion of residential homestead mortgage foreclosure cases. The annual salaries used to calculate the allocation amounts were approximately: \$79,688 for General Magistrates, \$39,126 for Case Managers, and \$26,090 for Admin Support.

You will find the estimated allocation amount for your circuit in the attached PDF file - Economic Default Recovery Effort. Please indicate, using the attached Economic Default Recovery Effort \_ Distribution spreadsheet, how you would like the funds for your circuit distributed – by category and element. For every element (General Magistrates, Case Managers, General Magistrate Admin Support and Mediation Admin Support) specify the dollar amount and category in which the funds should be allocated - OPS, contracted services and/or expenses dollars. To allow for maximum flexibility, funds may be expended in one or all of the elements. Also, funds dedicated to the General Magistrate element can be allocated as Senior Judge Days if preferred.

As usual we are under a tight timeframe for this Effort. Please respond by Thursday, January 14, C.O.B.

Please let me know if you have any questions or concerns.

Thanks,

Heather

<sup>1</sup> Estimated Number of Backlog Cases calculated for contract and indebtedness, real property/mortgage foreclosure, and county civil (\$5,001 to \$15,000) cases. Backlog cases were determined by subtracting the number of dispositions from the number of filings. The official trial court statistics were used for fiscal year 2006-07 to 2008-09, annualized data (July to October) were used for fiscal year 2009-10, and certification projections were used for fiscal year 2010-11. The dispositions for fiscal year 2010-11 were based on the filing to disposition ratio in fiscal year 2006-07.

**Subject:** RMFM 120 day Report for October

As I believe you are aware, the Supreme Court is requiring that we file the attached report with the Chief Judge or his/her designee monthly, beginning October 10. The initial report is to cover all files which became "Case Eligible" plus 120 days during the month of September (in other words, files that became "case Eligible" in the month of May).

Per the filing instructions, even though we have no cases to report at this time since our program did not begin until July 15, we are required to file this report showing zeros in all fields.

I previously forwarded a copy of the State's directive on this, but if you did not retain it and need another copy, please let me know.

If you have any questions, please advise.

What is your take on collier foreclosure backlog progress? Looks like they are moving about 500-600 of older cases per month...receiving 300 filings per month. Looks better, but will they reach goal at this rate?

Florida has a very broad Public Records Law. Most written communications to or from State and Local Officials regarding State or Local business are public records available to the public and media upon request. Your email communications may therefore be subject to public disclosure.

---

All cases in the system as of 9/30/09:

- 1) Report includes info on how we are doing with the foreclosure cases.
- 2) Reports shows all pending cases for civil (including foreclosures)
- 3) Report shows # of cases filed and disposed (including foreclosures)

I am receiving these reports on the first of every month. I will forward on to all.

Thanks- Nancy

File Name: Monthly Case Clearance (FCS)

File Location: Adhoc Analysis/MTesta

Data Source: Datastore.occ

Criteria: A count of cases filed and/or disposed within a given date range. Only cases with a Case Token equal to 'CA' are included. Counts are broken down by year, month and current case judge. The filed count is based on the Case File Date while the disposed count is based on the Case First Disposition Date. Both the Difference and Percentage columns are calculated based on those two counts.

Hello

The foreclosure clearance rate for September is 249% (933 filed/2,327 disposed). This is still great news! The clearance rate is affected by the higher filings this month so it appears lower than last. However, our goal for this project is to dispose of the same number of filings per month plus 1,040 additional cases. So, for September we met our 100% clearance rate and disposed of 1,394 additional cases which is 354 more cases than our reduction goal....so, great news!

**To-date:**

**We have met our 100% clearance rate every month**

**We have met the reduction goal of 1,040 cases every month**

**We have disposed of 1,410 additional cases over our goals**

Thank you-Nancy

Mr. Fishbeck,

The newest report (run 10/8) for Charlotte County is attached. Our "62%" goal is to close 3,216 of 5,187 cases. As of today's report, we have closed 1,475 cases (roughly 46% of our goal, a total reduction of 28% of the standing backlog.)

The report only includes data for closed cases. Cases remaining open show only default fields on the report. All cases that have been closed are highlighted in grey.

Thank you,

Dear Mr. Embury,

Go Phins. I wanted to thank Charlotte Co. again for delivering such an excellent inaugural foreclosure report. Oh, that the other counties succeeded as you. I plan to ship up this month's submission later today, but I wanted to let you know that Collier is going to be a little behind, so if you guys need some more time, I don't think it will hurt us at all.

We now have weekly foreclosure statistics available. Attached are the reports for the first two weeks of February. I will be sending you these reports each Monday morning and will continue to send you the total monthly reports at the beginning of each month. If you would rather just receive the monthly wrap up, please let me know and I will remove you from this distribution group.
