Pursuant to our telephone conversation this morning, I began to work on documenting the
information regarding the detainee detention facility [   ]
[   ] in Baghdad, Iraq   I have been advised by Major [   ] at Defense   b5 -1
Intelligence Agency (DIA) that the facility is [   ]   b6 -1,2
                                                                                              b7C -1,2
                                                                                              b7A -1

I identified myself as an FBI agent and stated that I was providing reporting to FBIHQ regarding [   ]

                                                                                              b5 -1
                                                                                              b6 -1,2
                                                                                              b7C -1,2
                                                                                              b7A -1

                                                                                              b5 -1
                                                                                              b6 -2
                                                                                              b7C -2
                                                                                              b7A -1

Given the present situation [   ] and the issues of detainee abuse under investigation,
[   ] I felt, however, it would be prudent to advise you of b5 -1
the situation   b7A -1
