Few new questions where did interrogations occur in the prison? were they ever in unit 1A or 1B (where the abuses occurred) Did they have any substantive contact with the MPs in charge of the prison? If so, who?

I did not observe or hear of any such abuse. I traveled to Abu G many times. I did observe that the entire facility was very understaffed. You may want to canvass the CJIS and HRT management as their folks spent the majority of their time at Abu G processing the detainees [redacted] (CJIS) was there almost every day. CS

All,

The Director wanted to know (by the end of the day) if anyone from the FBI had first hand knowledge of any abuses at Abu G prison. If so, how did we handle it. I know that we have been made aware of allegations in the past, but I do not know of any instance where we had to make a referral. Please advise as soon as possible since I have to provide a statement to the press office today.

Thanks,
Chris
