Val,
Paul Martin of the OIG called to say that they received a letter from Cong Wolf requesting that the OIG send a team to Gtmo to do a study of the handling of prisoners there. Paul told Wolf's staffer that Gtmo was a DOD facility and that the DOJ IG would not have jurisdiction. He wants to follow up with a letter saying same, but wants to be accurate about DOJ assets that are or have been at Gtmo. He has queried Criminal Division and BOP, and is now asking us. Would you please call him to clarify his request. Then, let's discuss. Thanks Ken

I was just talking to [redacted] about this. Attached is a rough cron of what I know so far about GTMO. I am still working on finding out the facts about High value detainees, i.e. the article in today's NYT.

Valene - as you know, the Director is testifying next Thurs (5/20) before Senate Judiciary in a general oversight/Patnot-related hearing. He's asked for briefing material concerning interrogation issues, including those discussed in the attached article from today's NYTimes. My understanding is he wants information concerning our role in interrogations at GITMO and in Iraq and Afghanistan. Eleni advised that you had this information. Please forward briefing material - or information that can be formatted into briefing material. Please call me if you have questions. Thanks,
